AFIKIM Day Camp 2013 Our Third and Final Week! By Reut Sderot**Dear Partners,**

Can you believe it?! We can hardly believe that here we are, already in the final days of summer camp!

We are overwhelmed with the gushing comments from children and parents alike,

who have all expressed that this summer has been one of our most successful summers ever!

We are proud and pleased to share some of the exciting moments from our last week...

We have had terrific activities, and even some surprises both sweet and exciting.

We made scrumptious chocolate souvenirs for the new campers that recently joined us at camp;

we played trivia games; we held camp-wide quiz competitions; and distributed great prizes.

Our campers continued to experience and learn what it means to share with their fellow campers, and with the community at large.

The children volunteered at a variety of different charity institutions in Sderot, bringing joy and pleasure to so many of Sderot's residents.

The children learned to appreciate their capabilities and give to others.

They learned that they themselves receive so much just from the simple but kind act of giving to others. In addition, during the third week, the children enjoyed an interesting field trip outside of camp, where they visited the Israel Electric Company.

They were taken on a fascinating guided tour,

learning how electricity is produced and delivered to every home and business in Israel.

We also took a field trip to the thrilling outdoor park Super-Land! The challenging rides

– some more scary and some less scary – elicited screams of joy from everyone. The campers didn't stop running from ride to ride,

shouting with glee and jumping with excitement. The counselors kept a careful eye on all the children and made sure that all had a grand time,

safe and exciting. After a delicious lunch the children boarded the bus home, and arrived in Sderot early evening, exhausted but full of spirited stories about the wonderful day.

We are honored to remind you, once again, of our how grateful we are that your help has made it possible for hundreds of children to have an unforgettable summer of fun and adventure.

Without your partnership these children would not have made so many new friends, created memories, gathered stories both funny and moving, and developed new confidences and strengths that will last them their entire lives.

Dear partners, we thank you for your help in filling the long, hot empty days of summer for the hundreds of Sderot's needy children with love, joy and hope.

We wish you a continued wonderful summer!!
